1. Scope of work:

The sense of time is the essence of Data processing works for SSC: all DP works are time-bound in nature and are required to be completed at a very short notice sometimes in a day or two positively. Accuracy is also of utmost importance for such works, and sincere and conscious efforts are required to avoid potential mistakes. Confidentiality is to be maintained strictly without fail. The DP work for SSC (ER) is categorized under three major Heads viz. **(a) Scope of DP work before Written Examination/Computer Based Examination for Open Competitive Examination, (b) Scope of work for preparation of dossier and (c) Scope of work for Scanning of dossiers of qualified candidates.**

Further, in addition to above mentioned scope of work, any related work that may arise in future during the contract period, the DP Agency will have to carry out the work on mutually agreed rate and terms & Conditions. Also, the DP Agency will have to carry out the work in accordance with the notice of the respective examination, its subsequent corrigendum as published in the Commission's website time to time and this office's work order.

A. Scope of DP work before Written Examination for Open Competitive Examination:

- a. On-line data as furnished by the candidates through their respective registration numbers will be handed over to the vendor for processing. The processing of data normally involves the following sequential steps:

 - ii. Image qualities are to be checked in order to confirm whether such images conform to the specifications, photographs with spectacles and caps, adequately legible, whether images are objectionable pictures or non-human objects or pictures of famous or notorious personalities who cannot be applicants for such recruitment examination.  - iii. It is to be checked whether candidates have submitted multiple completed applications which are determined by using the fields of Name, Father's Name, Mother's Name and Date of Birth of the applicant.
